Happy New Year – we begin another highpower season with great hopes and aspirations. Now is the time to evaluate your shooting commitment and establish reachable goals with a defined action plan to get to your goal. Make 2007 your best shooting year, attend all of those matches that will help you stay motivated and have some FUN.

There were some of you that didn't make it to this match because you watched the weather and expected rain or too much fog. And there were others of you that took in the last weekend of deer season. We expect to see all of you for the February match. While the turnout was light, the shooting was as good as ever. We had a traveling shooter in attendance as Mark Richard from Indiana came by to take in our match. Mark was in the Dallas area for business training and was organized enough to have checked out all of the matches within driving distance. From here he was headed to Austin for the Sunday shoot there. Mark has shot on the National Guards combat team and it was clear that he wasn't new to this as he was the standing match winner with a 99-3x. Alan Wilson is finding his comfort zone and delivering as he was the sitting match winner with an outstanding 100-7x. With a unzeroed new rifle, Justin Utle zeroed in on the prone rapid match as he drilled a 100-5x. The overall match winner, Michael Carter with a 493-20x also picked up the prone match win with his 199-10x. The class winners were Roger Sepaugh in the Master class with a 486-10x and Larry Schermerhorn won the combined Ex/SS class with his 451-7x.

Plan on purchasing your new shirt at the next match. Larry Schermerhorn did a great job on these and Dave Wilson coordinated the purchase and found us a great combination. We will have the standard T-shirt and sweatshirt but additionally, we have some of the sweat management type shirts. Something for all seasons. Show your colors proudly.

I know that we have already shifted the schedule for the Regional once but to help free up the shooting schedule of some of the other "big" matches, we are going to make one more shift. April 27-29 will be it. It will take a couple of weeks to see the updates to the schedule if you are checking the NRA or CMP websites. Sorry for having to make so many changes but we hope this will solve everyone's scheduling problems.
