

16 July, 2018

Members of Panola County Gun Club:

We had a members meeting Sat. July 7th to discuss the future of the club. A lot of good things came out of it. We have until Dec.31st to purchase the land the club is on.

We are in negotiations with the land owners and should know something soon. We are asking those members that can help us with a cash advance to consider doing so. All moneys that we collect will go toward the payment and will ease the amount we have to borrow from the bank. All money donations will be paid back to the members after the bank loan is paid. If anything happens to a member that has donated to the club, their money will be paid to the husband or wife or estate. I have received donation commitments from \$1,000.00 to \$10,000.00. In order to save our club, we will accept any amount that members can comfortably afford.

If you can support the club, send me an email with the amount you are willing to help with. We will be asking for your checks in September. If some unforeseen thing happens, and we can't buy the land, we will return everyones money. I will try and use the club web site for updates and to let you know how things are coming along. The club web site is epcgc.com . The new Club President is Randy Nash, Vice President Buddy Reich and Secretary Yvonne Roberts.

Thank You and hope to hear from you soon. If you have any questions, feel free to call.
