Not a cloud in the sky and the first touch of Fall was in the air. The 25 shooters that ventured out onto the Panola County Gun Club range were met with nearly perfect conditions as the winds were light and the temperature was cool - especially for September.

Robert Langham wrestled the win away from the other High Master to take the Aggregate with a 785x29. The Master class was hotly contested as there were only 2 points separating the first 3 places. John Dunaway came away the winner with a fine 770x13. Rick Reeves has stepped over to the dark side - firing the AR for the first time in a match. Didn't seem to pull him down too much, though.

The October match will be the last 80 shot match of the year and will be the club championship. All shooters will be treated to a BBQ lunch following the match. It's on us as a way of saying thanks for your support and attendance thru out the year.
