Who would have made plans for shooting December's match in T-shirts and shorts? Well, mid-80's and a strong south wind weren't in the plans but that is just what the shooters dealt with. The wind became a factor at the 600 yard line as the switches and let-offs were impossible to keep up with. When you see 8's out the sides, you know an ill wind is blowing.

Another new shooter was inducted into the club as Kay Sepaugh fired her first match and finished up with a 412-2x. Kay has been following Roger up and down the ranges for several years now. It is good to see another lady pick up the sport. You guys better watch out, I think she will be putting some pressure on you, soon.

The schedule for 2006 will remain essentially unchanged. First Saturday matches that will be 50 shot during winter's short days and back to 80 shot matches during the longer days of daylight saving time.

It's been a great year of shooting at PCGC and we are looking forward to the coming year. Have a great Christmas and New Year, load ammo while the days are short and visualize X's ( 10s are good enough most of the time ).

RC
