Twenty three hardy souls arrived at PCGC for the inaugural match of 2011. This match has become an unofficial tradition of bringing out the rifle you started shooting competition with and dusting off 'ol Betsy. This match has more wood and .30 caliber rifles than any other match of the year. While we wax nostalgic the early days of our competitive lives, the smack of the "man's rifle" thumps us back to today. Even more impressive are the scores of the past before ARs ruled, the accomplishments even greater.

Expert John Ilzhoef led the pack out of the gate as he won the offhand match with his 96-2x on his way to winning the class in the overall aggregate with 464-9x. Following his 95-2x offhand, Jon Rhynard began building his aggregate winning score of 493-19x by winning the sitting rapid fire match with 100-3x and prone slow fire match with a near perfect 199-10x. Winning the Master class aggregate with 477-14x, Roger Sepaugh was the prone rapid fire match winner with 100-4x and class wins in the sitting and prone slow fire matches. Without an errant shot, junior Joshua Schlaudt would have given John a run as he was the Expert class winner in the rapid fire matches along with the 600 yard match. The awards were spread throughout the Sharpshooter class with Clayton Brakeville taking the offhand and the aggregate wins.

Coming events include our February matches on 2/5-6 followed by the TSRA Mid-range championship at Camp Swift on 2/25-27, TSRA High Power Rifle championship on 4/8-10, the Palo Alto (Donaldsonville, LA) regional on 4/15-17.

The PCGC Regional will be May 13-15 since the first weekend is Mother's Day – don't mess with Momma. We had a great year and the expectation for the coming year is for even greater things to come.

Until next time, shoot 10s
